

MiVue™ C314

Full HD Dash Cam

Mio™ Night Vision Technology

Utilizing cutting-edge **Mio™ Crystal Vision Technology**, smooth and clear footage is ensured by our professional image tuning technology and our insistence on using all glass lens for durability and high light transmittance.

Capture all the details – Full HD 1080p at 30 fps

Designed with a Full HD 1080 pixel camera, your dash cam captures all the necessary details of your journey. With a 130° wide-angle lens, you can be sure that no part of your journey is left unrecorded.

Superb picture quality – 2M Sensor

High image and video quality is vital for showing what happened in the event of an accident. The MiVue™ C314 ensures that footage captured cannot be disputed.

It has your back: traceable movements – 3-Axis G-Sensor

In the event of an accident or a sudden change of motion, the device's built-in G sensor instantly records vehicle's movements and ensures the recorded data cannot be overwritten.

Stylishly small

There's no reason a dash cam shouldn't be stylish. The MiVue™ C314 is compact, sleek and sturdy. It mounts to your windscreen without causing distraction and can be stored in your vehicle's glove compartment when not in use.

Simplicity first – Auto power on

Don't waste time learning how to use complex devices. Simply power-up and you're ready to go. With an intuitive menu and large icons, the device couldn't be easier to use.

MiVueTM C314

Features

- **2" screen** – intuitive and user friendly
- **2M sensor** – for optimal view and superior recording
- **1080p Full HD recording at 30 fps**
